FORGING NATIONAL SECURITY THROUGH DUAL-USE INNOVATION

eMerge National Security is a premier platform accelerating dual-use innovation by uniting government, industry, investors, and academia to fund, deploy, and commercialize critical technologies that strengthen national security and transform communities across the world.

eMerge Americas is a strategic convener and catalyst for innovation, bringing together global enterprises, startups, investors, and government leaders to accelerate advancements in National Security, AI, Finance and Health. Through year-round programming and our annual global tech conference + expo in Miami, we connect capital, talent, and ideas to drive impactful progress, strengthen industries, and bring transformative and emerging technologies to market.

WHY IT MATTERS

No other group matches the operational, technical, and leadership skills of the warrior class - yet critical barriers in hiring, capital, and opportunity persist. eMerge's unmatched density of partners, resources, and decision-makers positions us to close that gap.

SUMMIT OUTLINE

- Warrior Pavilion:
 - Stage, meeting zone, exhibition booths
- Startup Accelerator + Showcase Fast Tracks
- AI + Quantum MasterClasses Scholarships
- Industry Immersion Fellowships
- Panels + Workshops
- Career Fair
- Investor Meet-n-Greet
- Global Visibility + Networking
- Special-Priced Passes

LIVE DEMONSTRATIONS. REAL SOLUTIONS. MISSION-READY INNOVATIONS.

eMerge National Security Demo Day showcases mission-ready, dual-use critical technologies startups through live, scenario-based demonstrations. This exclusive event connects top innovators directly with government buyers and investors focused on deploying solutions for national security, public safety, and the private sector.

**WHERE GOVERNMENT, INDUSTRY, AND INNOVATORS CONNECT TO
DEPLOY THE TECHNOLOGIES THAT SECURE OUR FUTURE.**

WHY ATTEND

- **For Government & Public Safety:** Evaluate and source deployable technologies aligned to mission requirements.
- **For Investors:** Access to vetted dual-use critical tech startups ready to scale
- **For Startups:** Showcase solutions directly to decision-makers and funding partners
- **For Community:** Strengthen security, resilience, and economic development

HIGHLIGHTS

- Live, scenario-based technology demonstrations
- Curated selection of dual-use startups
- Government, defense, and law enforcement buyers in attendance
- Mission-driven investors and VCs
- Networking with public-private partners

WHO SHOULD PARTICIPATE?

- Federal, state, and municipal buyers
- National Security and Defense procurement teams
- Dual-Use technology startups & innovators
- National security-focused investors
