

eMerge Americas Announces Co-Location Events During Annual Tech Conference

Events will promote innovation and foster the growth of the Miami tech ecosystem

Miami, FL - [eMerge Americas](#), a venture-backed platform focused on transforming Miami into the tech hub of the Americas, has announced its first series of co-located events during its eighth annual global tech conference at the [Miami Beach Convention Center](#) on April 20th and 21st.

“eMerge Americas is committed to convening global leaders and stakeholders of entrepreneurial and tech ecosystems from around the world,” said Felice Gorordo, CEO of eMerge Americas. “Along with our partners, we are co-locating events for venture capitalist, software developers, higher education and public policy leaders with the goal of helping foster and catalyze innovation and investment in Miami and across the Americas.”

The co-location events will cover various topics, including emerging technologies, investment trends in the tech industry, and the future of innovation public policy. Attendees will have the opportunity to network with experts, experience immersive technological demonstrations, and learn firsthand from industry leaders through keynotes, fireside chats, panel discussions and workshops.

This year’s co-location events include:

- [React Miami](#) - Covering topics such as Performance, TypeScript, GraphQL, Design Systems, Infrastructure, Web3, Animations, Testing, and Micro Frontends, React Miami will gather more than 500 developers to learn, network, and experience Miami.
- [VC LatAm Summit](#) - VC LatAM Summit will convene more than 500 venture capital managers and Limited Partners for a unique opportunity to discuss the development of the ecosystem in Latin America and its future potential.
- [Venture Latinx Coalition Summit](#) -Inicio Ventures, with the support of Google for Startups and the Knight Foundation, will bring together organizations focused on increasing the participation and success of the Latinx startup ecosystem to discuss how to amplify Latinx founders, support pre-founders, scale angel fund pipelines, coordinate Latinx pitches, and create an open-source Latinx registry.
- [Hemispheric University Consortium](#): The University of Miami President Julio Frenk will host university presidents and provosts of the Hemispheric University Consortium to foster collaboration among the top 40 higher education institutions in the Western Hemisphere.

- [eGOV Miami Tech Summit](#): In partnership with Miami Tech Summit, the eMerge Americas Government (eGOV) program will host high-level government officials and private sector leaders from across the globe to discuss the most important questions facing tech policy makers in the U.S. and throughout Latin America.

About eMerge Americas

eMerge Americas is a venture-backed platform focused on transforming Miami into the tech hub of the Americas. The eMerge signature event, launched in 2014, is a global tech conference held annually at the Miami Beach Convention Center, attracting more than 20,000 attendees from 50 countries and over 4,000 unique participating organizations. In addition to the annual conference, eMerge organizes and hosts year-round executive summits, innovation challenges, startup pitch competitions, masterclasses, webinars, as well as publishes venture activity and investment insights reports. For the last decade, eMerge has served as a catalyst for innovation and investment across the Americas, working at the forefront of building the South Florida entrepreneurial and tech ecosystem.
