

BRAND GUIDELINES

eMERGE AMERICAS

MISSION

eMerge is the premier global conference + expo shaping the future of tech held annually in Miami. **OUR MISSION IS TO FOSTER INNOVATION AND SHAPE THE FUTURE OF TECH THROUGH YEAR-ROUND PROGRAMMING.** We are audacious, and it motivates every step we take. We believe that the rise of Miami can serve as a gateway and fuel innovation by building out a sustainable, diverse, and inclusive ecosystem.

R.A.I.S.E.

RESILIENCE

We believe in the power of grit and the human spirit to overcome adversity and make one's dreams a reality.

ACCOUNTABILITY

We are accountable to each other for what we do, and when we are going to do it.

IMPACTFUL

We seek to have a positive social impact on the community and lives we serve.

SOULFULNESS

We do everything with heart, soul, and purpose.

EXCELLENCE

We strive for excellence and won't rest until we achieve it.

BRAND VALUES

BRAND PERSONALITY

INNOVATIVE

Forward-thinking, cutting-edge, and disruptive. There is strategy, thought-leadership, and depth to what we do. We are solution-oriented.

CREATIVE

We are contemporary in approach—an inspiring source of creative energy and imagination.

FACILITATIVE

Connectedness, collaboration, and servant leadership are a part of our DNA. We don't simply network—we create deep relationships.

ASPIRATIONAL

Our true north is to transform Miami into a model of sustainable and inclusive economic development—not just for Latin America but for the rest of the world.

BRAND VOICE

To best describe our brand voice, it's easier to compare what it is to what it isn't. eMerge America's brand voice is:

Confident but not arrogant

Savvy but not stodgy

Approachable but not overly casual

Authentic but not over the top

Our brand voice represents the tone and personality of all communications.

CONFIDENT

We communicate with confidence and use a definitive tone, unrelenting in our mission and purpose to connect our audience and foster innovation.

SAVVY

We serve as a reliable, professional resource for the tech ecosystem.

APPROACHABLE

We are accessible and take a servant-leadership approach.

AUTHENTIC

eMerge Americas is purposeful, passionate, intentional, and effective.

COMMUNICATION GUIDELINES

COMMUNICATION GOALS

Consider voice, focus, and structure of content. Communications should consider not just what we are saying but the medium in which it is being said.

Copywriting: word count guidelines

Email subject line 60 characters maximum

Web page content Approximately 500 words

Headlines 70 characters / 7 words maximum

COMMUNICATION HIERARCHY

WE BELIEVE IN A SIMPLE AND EFFECTIVE DESIGN PHILOSOPHY ANCHORED BY THE REAL WORLD THAT PUSHES THE LIMITS OF WHAT'S POSSIBLE EACH AND EVERY DAY.

Much like the dauntless entrepreneurial spirit, passionate about adapting to market changes and driven to meet customers where they are, the time has come to refresh our brand to support eMerge America's evolution from premiere tech tradeshow to a global thought leadership community.

Our focus was resolute—celebrate the idea of the rock star entrepreneur while embracing Miami's new future as a global tech destination and innovation hub. To do this effectively, we must adopt a new design approach that embraces eMerge America's legacy as an OG player in the Miami tech ecosystem. We created clarity by building a communications hierarchy focused on three central themes...

1

THE ENTREPRENEUR ROCKSTAR

2

MIAMI AS THE NEW GLOBAL TECH HUB

3

OUR COMMUNITY OF CONSTITUENTS

- Startups
- Enterprises
- Investors
- Media
- Government
- Higher Education

We got to work reinventing our design tool kit with a clear sense of who our audience is and what we are trying to say. We pulled inspiration from the previous eMerge America’s tapestry while introducing new and fresh design thinking that embraces a bold approach to the idea of **“SHOW, NOT TELL.”**

DESIGN INTENT

GRADIENT/COLOR

To do this, we needed to find iconic ways to say Miami—without saying Miami. We show this by using a color palette that is very much indigenous to Miami—the blue of our beaches and waterways with the bold pink accents of Miami’s neon-soaked nightlife.

HEXAGON SHAPE

With years of association with the hexagon shape, we set out to lean into the positive brand equity built by simplifying the use of the shape while making a point of having it be a part of every touchpoint in the eMerge Americas brand mix.

PHOTOGRAPHY

As a company firmly planted in bringing people together, showing our community through photography was a prerequisite. The goal—do so in a way that prioritizes people, not the place. We do this by creating a distinguishable difference in how we highlight our entrepreneurs from the community they are a part of. Not to create separation, but to reinforce the idea that they are the heroes in our story. They are our ROCKSTARS.

For community-related photography, we needed to establish visual consistency that represents the support system that makes it possible for entrepreneurs to do what they do. Much like it takes a village to raise a child—it takes a community to forge an entrepreneur.

BRANDMARK

BRANDMARK

Our logo is the key building block of our identity, the primary visual element that identifies us. The logo is a combination of our icon, which is a hexagon with a stylized letter e, and our wordmark. Our wordmark is our namesake. There are two alignment options for our logo—horizontal and vertical. **Do not create other alignments.**

PRIMARY LOGO

Horizontal

Vertical

BRANDMARK

Clear space is the area surrounding the logo that must be kept free of any text or graphic elements. The clear space around both logo lockups is equal to the height of the “M” in “eMerge.”

CLEAR SPACE

BRANDMARK

Our 10-Year Anniversary logo is meant to celebrate a decade of advancing global technology. There are two alignment options for our logo—horizontal and vertical. **Do not create other alignments.**

The 10-Year Anniversary logo is a special edition inclusion for eMerge branding across digital and printed materials. The logo is not to be included in any existing logo lock-ups (beyond the 2024 eMerge event logo lock-up) or in printed materials that will be re-used for future years. Partners should use the evergreen eMerge logo on page 10. The tentative final use date for the 10-Year Anniversary logo is December 31, 2024. For any use outside these guidelines, please contact marketing@emergeamericas.com for explicit written permission

ANNIVERSARY LOGO

BRANDMARK

Clear space is the area surrounding the logo that must be kept free of any text or graphic elements. The clear space around both logo lockups is equal to the height of the “M” in “eMerge.”

CLEAR SPACE

BRANDMARK

When two-color logo treatment is needed, the icon in our reverse white is the preferred alternative. When using a white background, the preferred alternative is the icon in Black.

When primary is not an option (such as on a gradient background), the White icon is the preferred alternative.

TWO COLOR VARIATIONS

BRANDMARK

The one-color spot or reverse logos are for use when color and tint reproduction are both unavailable, such as fax, one-color packaging, one-color screen printing, premiums, merchandise, etc.

ONE COLOR VARIATIONS

Primary

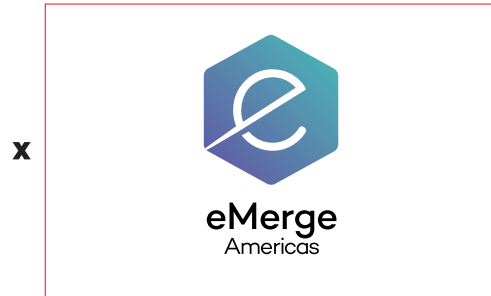

White

BRANDMARK

We appreciate your creativity. However, do not alter the logo artwork or usage in any way. Below are examples of logo usages that are prohibited. Our logo may not be used if it does not conform to these guidelines.

LOGO STANDARDS

DO NOT
Change type or icon size proportions

DO NOT
Outline type or icon

DO NOT
Create variations of the logo by rearranging its components

DO NOT
Arrange type on one line

DO NOT
Add unnecessary drop shadows, bevels or other effects

DO NOT
Apply the mark against busy backgrounds

BRANDMARK

Our icon stands as a bold stand-alone symbol of the brand. Use the primary icon with our signature gradient to drive visual consistency and leverage the established brand equity when possible.

When primary is not an option (such as on a gradient background), the White icon is the preferred alternative.

ICON

Primary

Primary

White

Accent

BRANDMARK

The icon should always retain its shape, never altering the icon's proportions. For example, the stylized letter "e" should always have a white fill, do not knock out the "e" or use outline treatments.

DO NOT use the gradient hex on a gradient background.

LOGO STANDARDS

DO NOT
Modify proportions

DO NOT
Rotate proportions

DO NOT
Distort hexagon shape

DO NOT
Knock out "e" over background

DO NOT
Outline

DO NOT
Use illegal colors

DO NOT
Make Black Hex Logo

BRAND ELEMENTS

BRAND ELEMENTS

Color plays a vital role in the eMerge Americas brand identity. Therefore, the correct usage of these colors will uphold the visual legacy of the eMerge Americas brand. When using brand colors, aim to use a maximum of four colors.

To add more variety to your palette, you can use different shades and tints of these four primary colors. Black and white play an essential role in our palette to provide grounding and clear visual space.

COLORS

BRAND ELEMENTS

Our signature gradients are created by combining Venture Violet with Invest Mint or Rose Resilient with Brilliant Blush and Invest Mint at a 45-degree angle. The goal was simple—say Miami, without having to say Miami.

GRADIENTS

BRAND ELEMENTS

When applied over a gradient, the hexagon bubbles should be colored with our signature gradients and overlaid at 40% opacity.

BRAND ELEMENTS

Photography is a core element in our brand ecosystem that allows us to embrace our community, the city that houses it, and the entrepreneurs that power it. We establish a clear visual identity through the use of two different applications of photography.

1. Entrepreneurs are our rock stars. Because we receive VIP headshots in a range of formats, sizes, and styles—we set out to implement a uniform approach to the way we showcase our VIPs across all platforms. We achieve this by knocking out any backgrounds and pushing their photos into the monochromatic spectrum. From there, we introduce our signature gradient in a modern and fresh way. Then we play with graphic elements from the same brand world to create a unique piece of digital art—a fitting tribute to the rock star entrepreneur.

BRAND ELEMENTS

2. Our community—the bedrock ingredient in supporting our rockstar entrepreneurs. Our community photography is made up of architecture and landscape photos of Miami that genuinely embrace the city's diversity in a way that doesn't just represent the travel destination. We highlight and embrace the new Miami as a destination for commerce and innovation.

Next, we look to embrace the entrepreneurial lifestyle—one that encourages the simpatico relationship between work and play, and the productivity that it produces. We believe the modern entrepreneur is constantly on the go, and we seek to meet them where they are. To create consistency, we introduce high levels of saturation bringing forward the warmth of our city and our community, to create a tapestry of images as vibrant as the place we call home.

PHOTOGRAPHY

BRAND ELEMENTS

Typography is just as important as color. Our simplified yet bold fonts project strength, innovation, and individuality. Additionally, these fonts are easy to read across different devices.

Gotham is our primary type face. Should a situation arise when Gotham is not available, Century Gothic is an approved alternative.

NOTE: When using Gotham Black and Bold in headline text, use all caps and set the tracking to 150. Do not track out body copy.
